SCENARIOS FOR THE FUTURE OF EUROPE: BRIDGING THE GAP

ABOUT THE EVENT

The EUENGAGE Final Event celebrates the conclusion of the EUENGAGE project.

It will be not just a conference!

We will bring together bright minds to **foster debate, learning, and inspiration** on the future of the European integration process.

DEBATING TOGETHER ABOUT THE FUTURE OF EU

EUENGAGE project's aim was to "engage in a **dialogue** on the **future** path of Europe". In line with this goal, **participants will play an active part in helping to shape the final conclusions discussing**, both in small groups and in plenaries, the main implications of the **policy scenarios** presented.

The EUENGAGE consortium will share with the audience the results of three years of research on political parties, leaders, public opinion, social and online media, focusing on three key themes: **immigration, economy, security**.

Data and analyses will provide an input to the discussion about the future of Europe.

The outcomes of this **deliberative event** will be translated into a policy brief, with **policy recommendations** for national and European institutions.

INTERVIEW WITH H.E. FERDINANDO NELLI FEROCI
